RE: 9-District II Big Bend Branch Report

At our February membership meeting we hosted Lynn Walker, PE from the City's Environmental Services (ES) Department. She presented on the organization of the ES Dept. and the services provided by the Environmental Regulatory Compliance Division. Lynn is the Environmental Regulatory Compliance Division Administrator for the City of Tallahassee, where she manages the Environmental Regulatory Compliance and Aquifer Protection/Industrial Pretreatment Programs. Her presentation was very informative and well received by our members.

The April meeting featured speakers, Martha Hodgson, PE and Junious Brown, project managers from Blueprint Intergovernmental Agency. They presented on two of their projects that are currently under construction, including Northeast Gateway (with a bridge over I-10) and the Orange/Meridian Placemaking. The projects are on opposite sides of the city/county and will greatly enhance the quality of life for the residents of those areas. For more information on their projects visit www.blueprintia.org

We are excited to announce the American Public Works Association Big Bend Branch 30th Annual ROAD-E-O is being held on Thursday, May 21st at the Leon County Apalachee Regional Park from 7 AM – 2 PM. The theme this year is based on this year's National Public Works Week theme "Rooted in Service, Powered by Community." For more information contact us at bigbendapwa@gmail.com

Respectfully submitted,

Joe Sisk
