BRANCH REPORT

July 11, 2026

The Gold Coast Branch enjoyed another great golf tournament this spring and the following are some branch highlights so far as we roll further into summer:

- Back on February 18th the Branch held our annual Catfish Fry in the City of Belle Glade. As always, this evening meeting was well attended and continues to be a highlight on the annual Gold Coast schedule.
- April 6th – 9th was yet another tremendous state expo in Tampa and the Branch looks forward to another great year with our new slate of officers.
- Back on April 22nd, the City of Delray Beach hosted a branch lunch meeting with a presentation by Mock Roos on the Thomas St stormwater pump station replacement.
- That meeting was followed by the annual Gold Coast Branch golf tournament on May 22nd held at Palm Beach National and proceeds will fund the annual Branch scholarships. We were able to provide three scholarships last Fall. Please visit <https://www.apwagoldcoast.com> for additional scholarship information.
- The monthly meeting in July will fall on the 29th and shall be hosted by the Solid Waste Authority of Palm Beach. Jess Whitcomb will be providing a recycling presentation.
- The Gold Coast Branch continues to expand on our annual events calendar.
